fol co. RC yo – I	on http://dictionary.cambridge.org, you'll find the lowing definition: using a combination of moving and still pictures, sound, music and words, especially in mputers or entertainment. This definition refers specifically to (1) such as educational CD-DMs or digital encyclopaedias. It could also be referring to the touch-screen (2) that u sometimes see in banks and estate agents. This type of multimedia commonly uses (3) inks that take you to other pages of the document or program. However, I think multimedia can mean ything from using a (4) to burn MP3s, to listening to an online radio show using (that is, in real time).
. ,	long as you (b) a fast CPU, a good monitor and a (6) (hardware that allow
yo (c) vio	u to play digital audio through your computer), you'll be able to use basic multimedia applications. If you to go a step further, you could invest in a (7) to record yourself, or a digital deo camera to make videos in (8). If you wanted to make a whole movie, then you
(d)	
(e) wo	orlds, interacting with each other just as we do in real life. Just look at the success of Second Life
